Appendices

- a) [Evacuation Record Log](#)
- b) [Personal Emergency Evacuation Plan](#)

Statement of intent

The safety of pupils, staff members and visitors on the premises is paramount and Shrewsbury Academy takes their duty to protect the wellbeing and welfare of these people very seriously.

The main priority is to prevent an emergency from occurring in the setting; however, this is sometimes, unfortunately, out of the hands of the school. In an emergency, staff members at Shrewsbury Academy will endeavour to take all reasonable actions in order to ensure the safety of pupils.

The procedures outlined in this policy aim to minimise disruption to the learning environment whilst ensuring the safety of all pupils, staff members and visitors.

Signed by:

_____ Headteacher Date: _____

_____ Chair of governors Date: _____

Legal framework

This policy has due regard to statutory legislation including, but not limited to, the following.

The Management of Health and Safety at Work Regulations 1999

The Health and Safety at Work etc. Act 1974

Regulatory Reform (Fire Safety) Order 2005

This policy has due regard to official guidance including, but not limited to, the following:

DfE (2014) 'Health and safety: advice on legal duties and powers'

DfE (2015) 'Emergency planning and response'

DfE (2014) 'Fire safety in new and existing school buildings'

National Counter Terrorism Security Office (2015) 'Developing Dynamic Lockdown Procedures'

This policy will be applied in conjunction with the following school policies and procedures:

- Health and Safety Policy
- Lockdown Procedure
- Fire Evacuation Plan

Definitions

An 'evacuation' is the orderly removal of pupils, staff members and visitors from the school building; this can be as a result of a fire or other incident within the building.

The term 'invacuation' refers to the process of making staff members aware of an emergency and moving pupils, staff members and visitors to the most sheltered areas within the building. This procedure is employed if moving outside would increase the risk of harm to people, e.g. toxic fumes in the air.

'Lockdown' refers to the procedure of locking external doors and windows before taking immediate shelter in a secure location. This procedure is typically invoked as a response to a security threat.

Roles and responsibilities

Staff members will act in accordance with the school's Invacuation, Lockdown and Evacuation Policy at all times.

It is the headteacher's responsibility to ensure effective and rehearsed emergency procedures are in place at Shrewsbury Academy

The headteacher is responsible for ensuring that all staff members are aware of the policy and have a copy to access.

It is the responsibility of the headteacher to ensure that new staff members are trained in implementing all of the emergency procedures.

The headteacher is responsible for recording all evacuation procedures, including drills and practices, in the [Evacuation Record Log](#) (appendix A).

Heads of departments are responsible for ensuring procedures are understood by all staff members within their department.

The headteacher is responsible for raising the alarm of an emergency, and will delegate this duty to a designated member of staff to carry out when they are not present at the school.

The responsibility of informing the relevant external services, such as the police, in the event of an emergency is delegated to duty SLT member.

All staff members are responsible for ensuring pupils, fellow staff members and visitors remain as safe as possible whilst on the school premises.

It is the responsibility of all staff members to ensure that registers are accurately taken and the names of missing pupils are immediately reported to the Attendance Officer/headteacher.

Staff members will inform the Attendance Officer or school office of any pupils missing from the classroom when the alarm was raised.

All staff members are responsible for maintaining an orderly manner and encouraging pupils to stay calm during emergency procedures.

The site manager is responsible for ensuring that emergency exits are clearly signposted.

It is the responsibility of school office staff to provide the emergency services with copies of the site plan.

The Site Manager is responsible for ensuring that all contractors or external services working within the school are supplied with a copy of the evacuation procedure when their work initially commences.

The SLT staff will continuously monitor the situation and keep both the emergency services and fellow colleagues up-to-date.

Invacuation procedure

The aim of the invacuation procedure is to protect lives by keeping people inside away from perceived danger. This procedure will be used in the event of armed intrusion, chemical spillages and air pollution.

The warning siren for Shrewsbury Academy's invacuation procedure is the sound of a Long constant bell.

The headteacher/SLT/Site Manager will sound the alarm as soon as a concern has been raised.

Staff members will keep in contact using two-way radios or mobile phones in order to inform each other of any problems experienced while carrying out the procedure, e.g. missing pupils.

Throughout the procedure, the headteacher, or SLT member of staff, will continuously keep other staff members updated, where possible, using two-way radios or mobile phones.

During an evacuation, pupils, staff members and visitors outside the school building will move quickly and quietly through the nearest entrance to the building.

When all personnel are inside, doors and windows are to be securely locked.

Main entrances into the school site will be locked if necessary. Prior to the procedure, classrooms have been identified as safe rooms.

Each class is guided towards their classroom by their classroom teacher or head of department, ensuring that all pupils, staff members and visitors are accounted for.

When the evacuation procedure occurs during lunchtime, or a lesson change over, all staff members will guide pupils towards the nearest classroom.

Staff members will instruct pupils to stay away from the windows and doors.

Where necessary, pupils will be informed to lie or sit on the floor.

Pupils and staff members are to remain in their designated rooms/positions until told to do so by the emergency services, or the headteacher/SLT has given an announcement to declare the risk has gone.

When the evacuation procedure has finished, pupils will return to their timetabled classroom where a register will be taken.

Throughout the evacuation procedure, the headteacher/SLT will keep in contact with the emergency services, ensuring the procedure is being implemented correctly.

Following an occurrence necessitating the evacuation procedure, the following actions will be taken:

- A follow up talk with staff members and pupils will be delivered by the headteacher
- Support will be sought where necessary, such as counsellors
- Parents/carers and other stakeholders will be informed via letter
- The response to the crisis will be evaluated and procedures amended where necessary

Lockdown procedure

This procedure will be implemented as a sensible and proportionate response to any external or internal incident which has the potential to pose a threat to the safety and wellbeing of pupils, staff members and visitors.

The headteacher will ensure that all staff members understand when and how this procedure will be implemented.

Depending on the circumstances, either a partial lockdown or full lockdown procedure will be implemented.

The headteacher will take all factors into consideration when deciding whether to partially or fully lockdown the school. Where possible, advice will be sought from the emergency services.

The partial lockdown procedure is a precautionary measure but puts the school in a state of readiness should the situation escalate. It will be used in the event of, but not limited to, the following:

A local risk of air pollution

A civil disturbance in the local community with the potential to pose a risk to the school

The full lockdown procedure will be used in the event of, but not limited to, the following:
An intruder on the school site

A major fire in the vicinity of the school

The close proximity of a dangerous dog, or other animal, roaming loose

The signal given for staff members to implement the lockdown procedure is a **Long Constant bell**

Two-way radios or **mobile phones** will be used to make staff members aware of the incident that has occurred and inform them of the type of lockdown procedure which is to be implemented.

Lines of communication between staff members will be kept open through the use of **two-way radios** and **mobile phones**; however, unnecessary calls to the school office will not be made as this could delay important communication.

As soon as the alarm has been raised, headteacher/SLT will ensure that the relevant emergency services are informed and kept up-to-date with the situation.

In the event of Shrewsbury Academy implementing the lockdown procedure, pupils will be instructed to remain in their classroom, or will be guided to the nearest room.

Staff members will ensure that the toilets, canteen and playgrounds are cleared of all pupils, staff members and visitors.

Pupils who are outside the school, or not in classrooms, will be led inside as quickly as possible, unless this will endanger them and others.

If staff members and pupils remain outside during the implementation of a full lockdown, they will hide in the designated safe area, The Lantern, until the emergency services have arrived.

Classroom teachers are responsible for the pupils within their classroom.

When all personnel and pupils are inside, doors and windows are to be securely locked, including fire doors, external doors and internal doors.

Classroom teacher will conduct a register or headcount. Staff will notify the Attendance Officer/SLT immediately of any pupils not accounted for via two-way radios or mobile phone, and an immediate search will be instigated, where appropriate.

Once all personnel and pupils are inside, the senior leadership team (SLT) will conduct an on-going and dynamic risk assessment based on advice from the emergency services.

All pupils, staff members and visitors will be made aware of their nearest exit point in case a hostile intruder manages to gain access.

Pupils may be asked to hide or disperse if this will improve their safety.

Pupils are instructed to take cover under their tables where possible.

In the event of a partial lockdown, movement may be permitted within the building, dependent upon the circumstances, but this will be supervised by a staff member.

In the event of an air pollution issue, air vents will be closed, where possible, as an additional precaution.

In the event of a full lockdown, once all pupils have been accounted for, the following actions will be carried out by staff members in order to increase protection:

Blocking off access points by moving furniture to obstruct doorways etc.

Drawing all curtains and blinds

Turning off all lights and electrical monitors expressing light

Instructing all pupils to either sit on the floor, under a table or against a wall

Ensuring all people are kept out of sight and away from windows or doors

All personnel will remain inside until an 'all clear' signal has been given, either via two-way radio, mobile phones or by the SLT, or unless told to evacuate by the emergency services.

If someone is taken hostage on the premises, the school will seek to evacuate the rest of the site.

Parents/carers will be notified as soon as it is practicable to do so via the text messaging server. T2P/Eduspot

Pupils will not be released to parents/carers during a lockdown.

If it is necessary to evacuate the building, the fire alarms will be triggered. In order to ensure the effective implementation of the lockdown procedure, a lockdown drill will be undertaken at least once a year.

Evacuation procedure (Fire Drill)

Shrewsbury Academy will carry out evacuation drills at least once a term in order to ensure pupils and staff members fully understand what is involved in the procedure and that it is implemented effectively.

In an emergency situation, such as a fire, the school's evacuation procedure will be implemented with the priority of getting everyone out of the school safely and calling the emergency services.

All staff members will have a copy of the evacuation procedure and clear instructions regarding the fire evacuation procedure will be displayed in every classroom.

New staff members are advised of evacuation procedures as part of their induction training.

The designated fire warden for the school is Mr B Edwards, Site Manager.

Shrewsbury Academy has undertaken the appropriate fire awareness and fire warden training that meets the fire authority's regulations.

The headteacher will ensure that all staff members are aware of the designated evacuation points.

The designated evacuation points for the different year groups are on the Front of school Prima play and are clearly identified by Form group and Year.

The signal for the evacuation procedure to be implemented is the Fire Alarm. When the alarm is sounded, pupils and visitors will immediately stop what they are doing, stand still and wait for further instructions to be given by a staff member.

Staff members will direct pupils to the nearest or safest exit.

It is staff members' responsibility to ensure that exits are never obstructed or blocked.

Staff members will ensure that there are no pupils left in the toilets, changing rooms, corridors or school hall, etc.

Pupils will walk in an orderly and quiet manner to the designated evacuation point.

Staff members will be aware of any pupils under their care who have a Personal Emergency Evacuation Plan (PEEP).

When pupils are lined up in their year groups at their designated evacuation points a register and headcount will be taken.

Any missing pupil, staff member or visitor will be reported to the designated fire warden, detailing their name, the date/time and where they were last seen, and any other relevant information about the person, e.g. any medical conditions.

Missing personnel and pupils will be immediately searched for if it is safe to do so.

Under no circumstances will any staff member, pupil or visitor re-enter the building during the evacuation procedure, unless the 'all clear' is given by the headteacher/SLT or emergency services.

The designated fire warden will call the emergency services as soon as the alarm is raised and they have safely exited the building.

If required, parents/carers will be contacted in order to collect their children. This will be done using the school's text messaging server. T2P/Eduspot

All evacuations will be recorded using the [Evacuation Record Log \(Appendix A\)](#).

Personal Emergency Evacuation Plan (PEEP)

Where a member of staff, pupil or visitor has a disability which may result in them needing help in evacuating the premises, a PEEP will be put in place.

The purpose of a PEEP is to enable to implement effective arrangements to ensure that everyone can evacuate the building in an emergency, should one arise.

These plans ensure that no one is discriminated against, or treated less favourably, in the event of an emergency.

A PEEP will identify the following:

Any specific needs of the individual

Responsibilities of staff members

Specific evacuation routes, where applicable

Refuge areas

Any specific evacuation procedure requirements

Where possible, pupils with PEEPs in place will exit the premises using the same route as the rest of their class, unless otherwise stated within their plan.

A PEEP will be reviewed on an annual basis in order to ensure that the most up-to-date information is available.

When there is a change in the individual's health, a change of procedure, or an alteration made to the premises, a PEEP will be reviewed and amended to reflect these changes.

The individual, for whom the plan is for, will be consulted at each review, alongside any specified staff members.

PEEPs will be set out in the format demonstrated in [Appendix B](#).

Fires

In the event of a fire, Shrewsbury Academy will invoke the evacuation procedure.

Under no circumstances will entrances to the school and emergency exits be blocked or obstructed.

Emergency lighting will be installed and appropriately used where necessary.

It is the responsibility of the site manager to ensure that exits are clearly marked.

The site manager is responsible for ensuring every room is equipped with the necessary fire safety equipment.

Incidents will be recorded.

Bomb threats

In the event of Shrewsbury Academy or a nearby area receiving a bomb threat, the headteacher will decide which procedure to use by taking into consideration which poses the least risk.

Shrewsbury Academy will act in accordance with the Bomb Threat Policy in order to ensure the welfare of pupils, staff members and visitors.

The school will immediately contact the emergency services after receiving a threat and will carefully follow their instructions.

The emergency services will still be contacted if the threat is believed to be a hoax.

Communication with parents/carers

Arrangements and information regarding Shrewsbury Academy's invacuation, lockdown and evacuation procedures will be routinely shared with parents/carers either via newsletter or the school website.

In the event of any of the procedures taking place due to a real emergency, parents/carers will be informed of any developments as soon as is practicable.

Parents/carers will be informed not to ring or come to the school as this could interfere with the work of the emergency services, and may result in putting themselves and others in danger.

Shrewsbury Academy will contact parents/carers when it is safe for them to collect their child.

Whilst talking to parents/carers, it is important for the school to reassure them that they understand their concern for their child's welfare, and that the school is doing everything possible to ensure the safety and wellbeing of all pupils.

Monitoring and review

This policy will be reviewed on an annual basis, or sooner, if statutory guidance is released before the review date, which is **September 2019**.

The review will be conducted by the headteacher in collaboration with the governing body.

Appendix B – Personal Emergency Evacuation Plan

PEEP for a pupil at Shrewsbury Academy

This section is to be completed by SEN support. If the individual has classes in more than one building, it may be necessary to prepare a separate PEEP for each building.

Name: _____

Form and year group: _____

Building: _____

Awareness of procedure

_____ is informed of a fire evacuation by: (please tick relevant box)
